INNOVATIVE DESIGNS

When these logos are present on an item it means they use one of the Doinker Technologies that is in use, or can be used on that product.

Leven Industries Inc. has been producing some of the most innovative patented designs for the archery industry since 1992. Listed below are some of the patents:

(1) 7,318,430 B2 (2) 6,526,957 B1 (3) 5,273,022 (4) 6,802,307 B2 (5) 8,141,548 B2 (6) 8,166,963 B2 (7) 12-948,578 (8) 9,016,268 B2

MULTIPLE PATENTS PENDING

DOINKERS

- Whether the need is to remove a large amount of unwanted residual vibration and noise, or the need to remove vibration while also being able to hold 24 ounces of weights firmly to the end of your stabilizer. We offer a Vibration Dampening Doinker for all your needs. From the Doinker Supremes Fully Adjustable Design to the ever popular A-Bomb, to the Internal Weighted Flex Doinker.

**DK34-1 3/4" Dinky Doinker 1/4-20
M/F Thread, 0.5oz**

**FXD 1 5/8" Flex Doinker
5/16-24 M/F Thread, 1.7oz
INTERNAL WEIGHT SYSTEM**

**B34-2 3/4" A-Bomb Doinker 1/4-20
Thread M/F 1.2oz**

**HD 1 1/4" Hero Doinker
1/4-20 Thread M/F, 1.7oz
ALSO AVAILABLE IN BLACK**

**B1-2 1" A-Bomb Doinker 5/16-24
Thread M/F 1.7oz**

**DS78 7/8" Doinker Supreme
1/4-20 Thread M/F, 0.8oz**

**DS1 1 1/8" Doinker Supreme,
5/16-24 (F) x 1/4-20(M), 1.2oz
ALSO AVAILABLE IN BLACK**

AVANCEE STABILIZERS

Length Options

- ADS18 18" Avancee Carbon Stabilizer, 4.3oz
- ADS24 24" Avancee Carbon Stabilizer, 4.7oz
- ADS27 27" Avancee Carbon Stabilizer, 5.0oz
- ADS30 30" Avancee Carbon Stabilizer, 5.2oz
- ADS34 34" Avancee Carbon Stabilizer, 5.5oz

ALSO AVAILABLE IN BLACK

Light Weight Multi Modulus Carbon Rod- Great in the wind with an outside dimension of 0.640". Our lightest weight carbon we offer.

The fixed mounted smaller sized 7/8" Doinker Supreme allows the Archer to fully adjust the flex/tension of the Doinker to better absorb residual vibration. Includes a single aluminum D.A.W.G. weight.

ALSO SUPPORTS THESE OTHER DOINKER TECHS:

ELITE DOINKER SUPREME STABILIZERS

Length Options

- EDS18 18.5" Elite Carbon Stabilizer, 9.4oz
- EDS28 28.5" Elite Carbon Stabilizer, 10.1oz
- EDS31 31.5" Elite Carbon Stabilizer, 10.3oz
- EDS34 34.5" Elite Carbon Stabilizer, 10.5oz

ALSO AVAILABLE IN BLACK

Featuring our MS1 Suppression mount technology. A vibration dampener featuring an internal steel weight suspended by two ITP dampeners at opposing ends.

The fixed mounted Doinker Supreme allows the Archer to fully adjust the flex/tension of the Doinker to better absorb residual vibration. Includes an aluminum Universal Double Stack weight.

ALSO SUPPORTS THESE OTHER DOINKER TECHS:

Light Weight Multi Modulus Carbon Rod- Great in the wind with an outside dimension of 0.640". Our lightest weight carbon we offer.

FATTY CARBON STABILIZERS

Length Options

- FDS22 22 3/4" Fatty Doinker Supreme Carbon Stabilizer, 5.9oz
- FDS27 27" Fatty Doinker Supreme Carbon Stabilizer, 6.4oz
- FDS30 30" Fatty Doinker Supreme Carbon Stabilizer, 6.8oz
- FDS33 33 1/2" Fatty Doinker Supreme Carbon Stabilizer, 7.2oz

ALSO AVAILABLE IN BLACK

Light Weight Multi Modulus Carbon Rod- With an outside dimension of 0.875" it is superior in strength and capable of holding a large amount of weight for maximum stability. Ideal for indoor shooting situations.

The fixed mounted Doinker Supreme allows the Archer to fully adjust the flex/tension of the Doinker to better absorb residual vibration. Includes an aluminum Universal Double Stack weight.

ALSO SUPPORTS THESE OTHER DOINKER TECHS:

ELITE FATTY STABILIZERS

Length Options

- EFDS27 27" Elite Fatty Doinker Supreme Carbon Stabilizer, 10.3oz
- EFDS31 31 1/2" Elite Fatty Doinker Supreme Carbon Stabilizer, 10.4oz
- EFDS34 34 1/2" Elite Fatty Doinker Supreme Carbon Stabilizer, 10.7oz
- EFDS37 37 1/2" Elite Fatty Doinker Supreme Carbon Stabilizer, 11.5oz

ALSO AVAILABLE IN BLACK

Featuring our MS1 Suppression mount technology. A vibration dampener featuring an internal steel weight suspended by two ITP dampeners at opposing ends.

The fixed mounted Doinker Supreme allows the Archer to fully adjust the flex/tension of the Doinker to better absorb residual vibration. Includes an aluminum Universal Double Stack weight.

ALSO SUPPORTS THESE OTHER DOINKER TECHS:

Light Weight Multi Modulus Carbon Rod- With an outside dimension of 0.875" it is superior in strength and capable of holding a large amount of weight for maximum stability. Ideal for indoor shooting situations.

ALUMI-KOMP STABILIZERS

Also available from the Alumi-Komp line:

- KD15 15" Kid-0 Stabilizer, 2.5oz
- KD7 7" Kid-0 Stabilizer, 2.0oz

Featuring a smaller diameter rod and the Dinky Doinker with weights. Perfect for the youth Archer.
For 30# Bows or under

Featuring a cost effective, Aluminum rod that is capable of holding a fair amount of weight steady on target.

The removable 1 1/8" Doinker Supreme (DS1) allows the Archer to fully adjust the flex/tension of the Doinker to better absorb residual vibration. Includes an aluminum Universal Double Stack weight.

ALSO SUPPORTS THESE OTHER DOINKER TECHS:

Length Options
 SA25 25" Alumi-Komp Stabilizer, 7.1 oz
 SA30 30" Alumi-Komp Stabilizer, 7.5 oz

STANDARD SIDEBARS

Avancée Sidebars

- DSV8 8" Doinker Supreme V-bar set, 5.7oz
- DSV10 10" Doinker Supreme V-bar set, 6.0oz

FIELD STABILIZERS

These Field stabilizers feature some of the same great designs and colors that are on our most popular long freestyle stabilizers, in a shorter Bowhunter size. With the combination of the 1 1/8" Doinker Supreme and our GEN 5 Doinker, this gives the archer a softer feel upon the shot.

6EH 6" Hunter Elite, 8.6oz (also available in silver)

EFDF 10" -3/8 Elite Fatty Doinker Field Stabilizer, 10.5oz

EDS11 11" 1/2 Elite Doinker Supreme Stabilizer, 10.4oz

CF10 10" -1/2 Carbon 3D Field Stabilizer, 7.5oz
GEN5 Tech not compatible with the CF10

FLEX HUNTERS

The Doinker Flex Hunter features an unparalleled ability to remove unwanted vibration and noise due to its unique geometry and its internal weight at the distal end. Combined with its dampening capabilities and Rigid Carbon and Machined Aluminum body, this stabilizer will allow the archer to hold steady on target... truly amazing any Bowhunter.

FH10 10" Flex Hunter 6.6 oz

FH8 8" Flex Hunter 6.6 oz

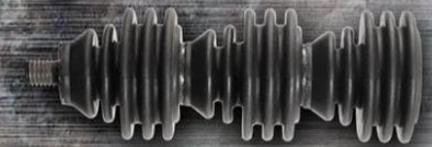

FH6 6" Flex Hunter 6.4 oz

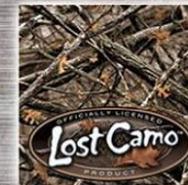

FH2 2" Flex Hunter 4.9 oz

ALSO AVAILABLE IN BLACK

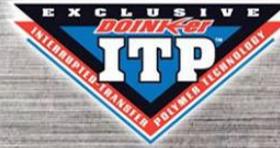

TFH 3.5" Flex Hunter 6.1 oz

D.I.S.H. HUNTING

MINI D.I.S.H. HUNTER

The Mini D.I.S.H. Hunter is a combination of some of our most popular designs and is a perfect choice for any Bow Hunter that wants the ability to off set the weight of their bow mounted quiver, sight, and rest by just positioning the three hole Mini Hub to the opposing side of the bow. It is available in four great colors that include Flat Black, Next G-1, Next Vista and Lost Camo.

DDMH 6" Doinker DISH Mini Hunter, 8.5oz

DDH10 10" Doinker DISH Hunter, 9.9oz

DDH8 8" Doinker DISH Hunter, 9.6oz

D.I.S.H. HUNTER

The Doinker D.I.S.H. family has become a very popular stabilizer recently due to the many benefits in it's design, not only in it's ability to off set weight distribution, but also it's dampening features of the Flexible weight hub and the internal Doinker it is suspended from. It is now available for the hunters that are after something a little more light in weight with it's Small six hole weight design and lighter internal Doinker. It is also available in three very universal camo patterns that are displayed below.

ALSO AVAILABLE IN BLACK

CHUBBY HUNTER STABILIZERS

CHUBBY HUNTER

The Chubby line of stabilizers are perfect for the Bow Hunter that is looking for Vibration Dampening via the combination of the Doinker Supreme and the Gen 5 Doinker with Stability in compact size. These stabilizers are available in a wide range of colors which include Flat Black, Next G-1, Next Vista and Lost Camo.

CS3 3" - 1/4 CHUBBY HUNTER SUPREME, 5.2 OZ

CS5 4" - 3/4 CHUBBY HUNTER SUPREME, 6.3 OZ

CS7 6" - 5/8 CHUBBY HUNTER SUPREME, 6.6 OZ

TACTICAL STABILIZER

The Doinker Tactical Stabilizer is a versatile tool for any Compound Archer and highly adaptable to the variable situations you may find yourself in whether it is hunting in the field or target shooting at the range. The Doinker Tactical Stabilizer is a side mounted stabilizer designed to offset the weight of your quiver, sight, and arrowrest. It offers an endless range of configurations and allows the potential for enhancement and customization with your favorite Doinker Technologies.

PLATINUM HI-MOD

Length Options

- PHM24 24" Doinker Platinum Hi-Mod , 12.3oz
- PHM27 27" Doinker Platinum Hi-Mod , 12.7oz
- PHM30 30" Doinker Platinum Hi-Mod , 13.0oz
- PHM33 33" Doinker Platinum Hi-Mod , 13.4oz

The 0.750" outside diameter HI-Mod carbon rod's ability to not only transfer residual energy left over from the shot efficiently to the end of the stabilizer, but it also holds 15+ ounces of weight with little flex. Great for both indoor and outdoor shooting.

The removable 1 1/8" Doinker Supreme (DS1) allows the Archer to fully adjust the flex/tension of the Doinker to better absorb residual vibration. This Doinker will easily hold 15 ounces or more of weights.

Standard is a complete set of the low-profile, 1 ounce increment stainless steel 421 weight system. Also included is a complete set of weight system screws.

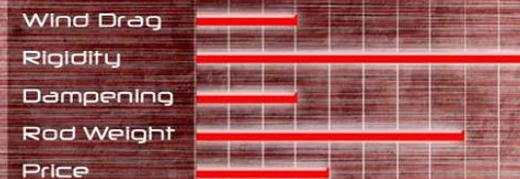

ALSO SUPPORTS THESE OTHER DOINKER TECHS:

Doinker Thumb Spur hole at the base of the stabilizer to help assist in a solid connection to the bow/mount and the Doinker Thumb Spur tool. (Thumb Spur tool Included)

0 1 2 3 4 5 6 7 8 9 10

ESTREMO HI-MOD

Length Options

- EHM33 33" Estremo Hi-Mod Stabilizer, 13.4oz
- EHM30 30" Estremo Hi-Mod Stabilizer, 13oz
- EHM27 27" Estremo Hi-Mod Stabilizer, 12.7oz
- EHM24 24" Estremo Hi-Mod Stabilizer, 12.3oz

Due to it's 0.640" outside diameter, this HI-Mod carbon is ideal for outdoor shooting situations where wind may be a concern, without sacrificing strength for supporting a large amount of weights for optimum stability.

Hi-Mod
carbon

Pro Shop
Series

The removable 7/8" Doinker Supreme (DS7/8) allows the Archer to fully adjust the flex/tension of the Doinker to better absorb residual vibration. Modular in design so that it can fit between the weight system.

Standard is a complete set of the 421 Mini Weight System. Small in diameter for less possible wind drag with accurate one ounce weight increments.

ALSO SUPPORTS THESE
OTHER DOINKER TECHS:

Doinker Thumb Spur hole at the base of the stabilizer to help assist in a solid connection to the bow/mount and the Doinker Thumb Spur tool. (Thumb Spur tool Included)

UNITY HUNTER PACKAGES

The Doinker Unity Hunter Package takes the proven design features of a Freestyle Target set up and combines them with the compact functionality of a Bowhunters set up. Utilizing the longer front stabilizer design with an adjustable counter balance side bar that gives maximum resistance to rotation/movement when on target. The Doinker Unity Hunter Package Hybrid design offers a Tremendous amount of Vibration dampening via the Doinker Supreme/GEN 5 Doinker combination, while giving the archer maximum stability do to it's longer length design and adjustable Doinker 421 weights system at the distal end. Add all these features along with some of Doinkers most popular accessories such as the Doinker QDC and Doinker AOSM, it makes it one of the most adjustable Hunting Stabilizer systems in the World. The Doinker Unity Hunters are only sold in packages/sets, Small, Medium & Large.
