REMEDY

The Remedy rest offers an unparalleled combination of adjustability, durability, and repeatability all within a small, lightweight package. With 3/4" of travel across all axes and micro-tune adjustments the Remedy allows for the finest adjustments with ease. Combine that with precision lasered marks on every axis and you will have no problems finding that sweet spot time after time.

NEW FOR 2018

The Optum takes the success, versatility and features that Shrewd scopes are known for to the next level. With more adjustability than any other scope in our line; the Optum packs all the features of the Nomad platform into an efficient and easy to use package. The hassle of changing pin positions, installing a light kit, and swapping fiber is gone. The Optum series are the epitome of adjustable efficiency.

NEW FOR 2018

REX EXTENDER

The REX brings a new twist to an old tale. With an adjustable, lockable collar that supports the V-bar bracket and laser indicator marks the REX offers additional peace of mind. The support shelf on the locking collar is designed to work seamlessly with the Riot V-bar or any bracket $\frac{3}{4}$ " thick and can be flipped around to accommodate any size bracket.

NEW FOR 2018

SHREWD

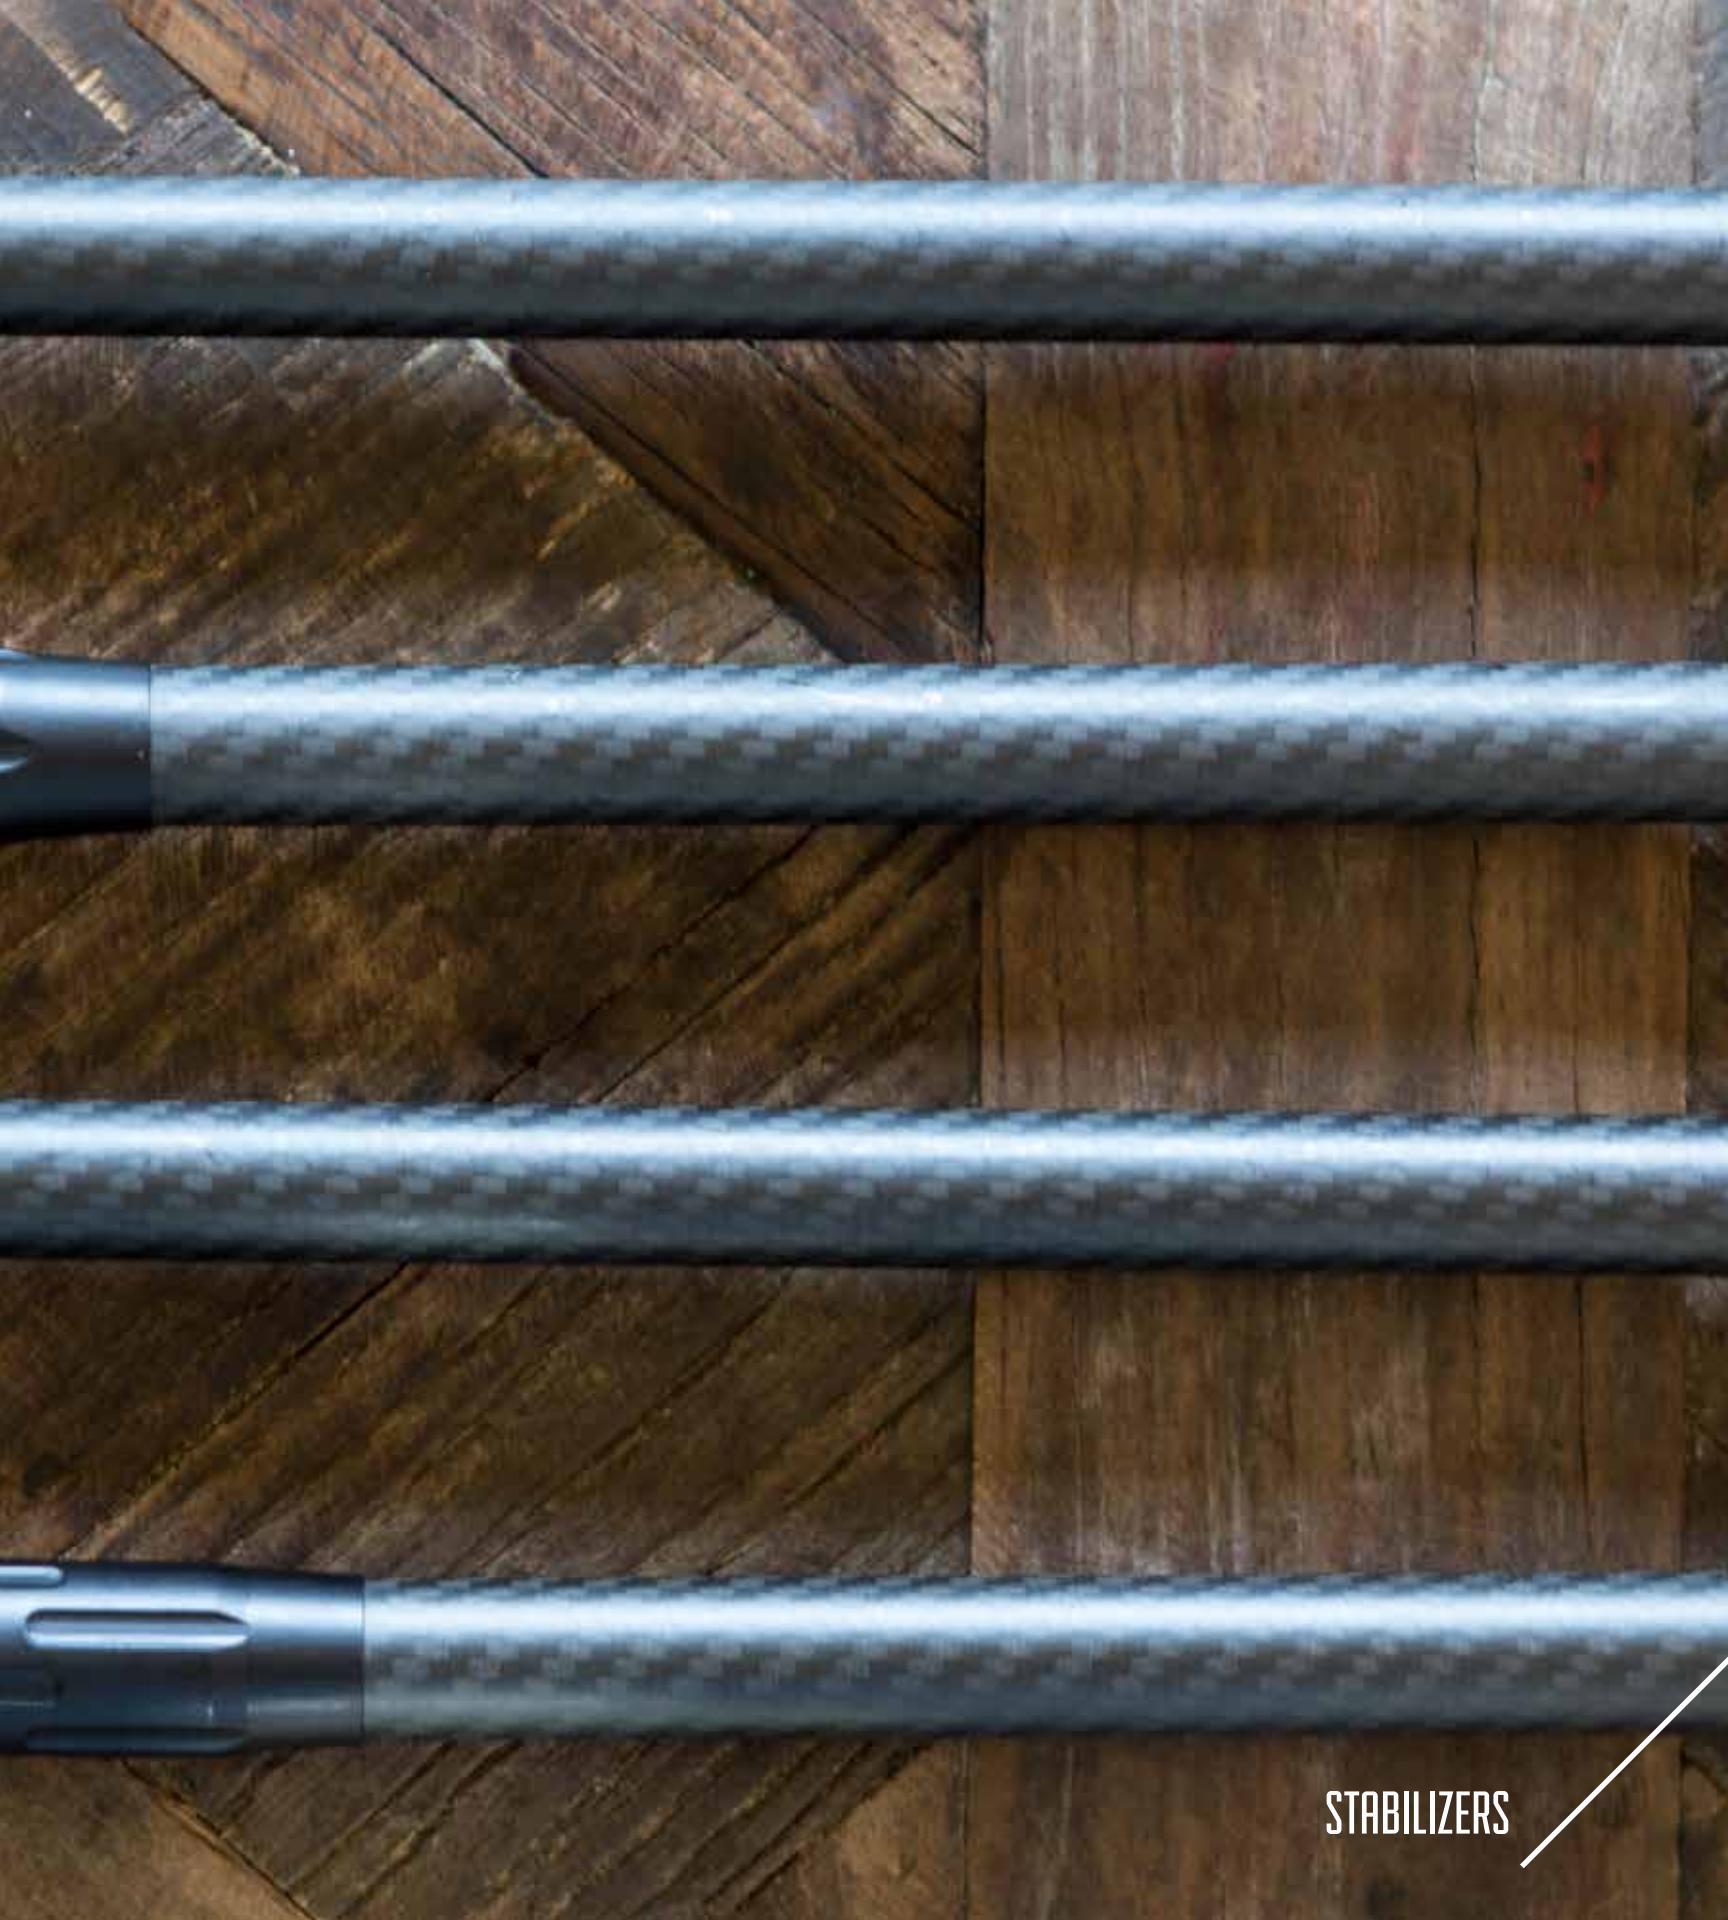

THE M.A.G.

The M.A.G. (Mathews® Adjustable Grip) System utilizes a base grip body and added delrin plates to give archers multiple angles of adjustment. Designed to work with all Mathews® bows that come stock with the wooden or Focus grip. The M.A.G. system provides archers with an adjustable grip system guaranteed to not break the bank.

STABILIZERS

ONYX

The Onyx is an industry changing stabilizer inside and out. Truss Dampening Technology stretches the length of every Onyx stabilizer to perfectly balance the shot. An internal and matte black external end cap on the bow end of the stabilizer reinforces the carbon to allow shooters to use more weight than ever before.

AVAILABLE IN // 8", 10", 12", 14", 16", 20", 22", 24", 26", 28", 30", 32", 34", 36"

WHAT'S INCLUDED // 5/16" - 24 STAINLESS STEEL THREADED ROD // 3 - 1 OUNCE STAINLESS STEEL WEIGHTS // 3 - 1/3 OUNCE MATTE BLACK ALUMINUM WEIGHTS // 3" THREADED ROD

PREMIER MODULUS CARBON //

INTERNAL TRUSS DAMPENING SYSTEM //

4 OUNCES OF INCLUDED WEIGHT //

REINFORCED INTERNAL END CAP //

THE ONYX

When we set out to change the stabilization market, we didn't want to just craft a product that impressed shooters, we wanted pure shock and awe. Since inception, the Onyx has proven itself across the international archery circuit and continues to be the stabilizer of choice for the world's best.

Premier Modulus Carbon

.706" diameter premier modulus carbon with an included 5/16" - 24 stainless steel threaded rod.

Internal Truss Dampening System

Our proprietary Truss Dampening System spans the length of every Onyx stabilizer to perfectly balance the shot.

4 Ounces of Included Weight

Each Onyx comes with three - 1 ounce stainless steel weights and three - 1/3 ounce matte black aluminum weights.

Reinforced Internal End Cap

An internal end cap on the bow end of the stabilizer reinforces the carbon to allow shooters to use more weight than ever before.

Revel Series

Utilizing our highest tonnage carbon to date, the Revel Series stabilizer combines minimum diameter with maximum rigidity to create the ultimate in recurve stabilization. An included 5 ounces of interchangeable weight and a Doinker® A-Bomb provides the shooter with a tournament ready stabilizer straight out of the box.

AVAILABLE IN // 8", 10", 12", 14", 26", 28", 30", 32", 34"

EXTENDERS AVAILABLE IN // 3", 4", 5"

WHAT'S INCLUDED // 5/16" - 24 STAINLESS STEEL THREADED ROD // DOINKER® A-BOMB // TWO - 2 OUNCE STAINLESS STEEL WEIGHTS // TWO - 1/2 OUNCE ALUMINUM BLACK WEIGHTS

HIGH MODULUS CARBON //

PRE-APPLIED CARBON GRAPHICS //

5 OUNCES OF INTERCHANGERABLE WEIGHT //

Included Doinker® A-Bomb //

THE REVEL

When Brady Ellison set a National Record in his first tournament using the Revel we know we've done something right. The Revel's minimum diameter and maximum rigidity make it the stabilizer of choice for USA Olympians

Brady Ellison and Mackenzie Brown.

High Modulus Carbon

.500" diameter high modulus carbon with an included 5/16" - 24 stainless steel threaded stud.

Pre-Applied Carbon Graphics

For the first time a Shrewd stabilizer will ship with a unique pre-applied carbon graphic.

5 Ounces of Interchangeable Weight

Each Revel comes stock with 2 - 2 ounce stainless steel weights, a Doinker® A-Bomb and 2 - 1/2 ounce anodized black weights.

Included Doinker® A-Bomb

An included Doinker® A-Bomb works alongside the high modulus Carbon to eliminate vibration.

REX Extender

The support shelf on the locking collar is designed to work seamlessly with the Riot V-bar or any bracket $\frac{3}{4}$ " thick and can be flipped 180° to accommodate any size bracket. Machined from a solid bar of 6061-T6 aluminum and featuring all stainless steel hardware.

AVAILABLE IN // 3", 4", 5"

WHAT'S INCLUDED // EXTENDERS SOLD INDIVIDUALLY

600 Pro

The series that set the standard for small diameter stabilization. The 600 Pro line offers podium proven results with every shot. A .660" OD high modulus stabilizer utilizes elongated aluminum end caps and internal dampening to offer the stiffness and rigidity that Shrewd stabilizers are known for.

AVAILABLE IN // 8", 10", 12", 14", 16", 20", 22", 24", 26", 28", 30", 32", 34", 36"

WHAT'S INCLUDED // 5/16" - 24 STAINLESS STEEL THREADED ROD // 3 - 1 OUNCE STAINLESS STEEL WEIGHTS // 2 - 1/3 OUNCE GLOSS BLACK ALUMINUM WEIGHTS // 3" THREADED ROD

600 Pro Light

— All the advantages of the 600 Pro Line in a lighter form. The newest offering in our Pro Series Line gives shooters a light, .600" OD small diameter stabilizer designed to dominate the podium.

AVAILABLE IN // 8", 10", 12", 14", 18", 20", 22", 24", 26", 28", 30", 32", 34", 36"

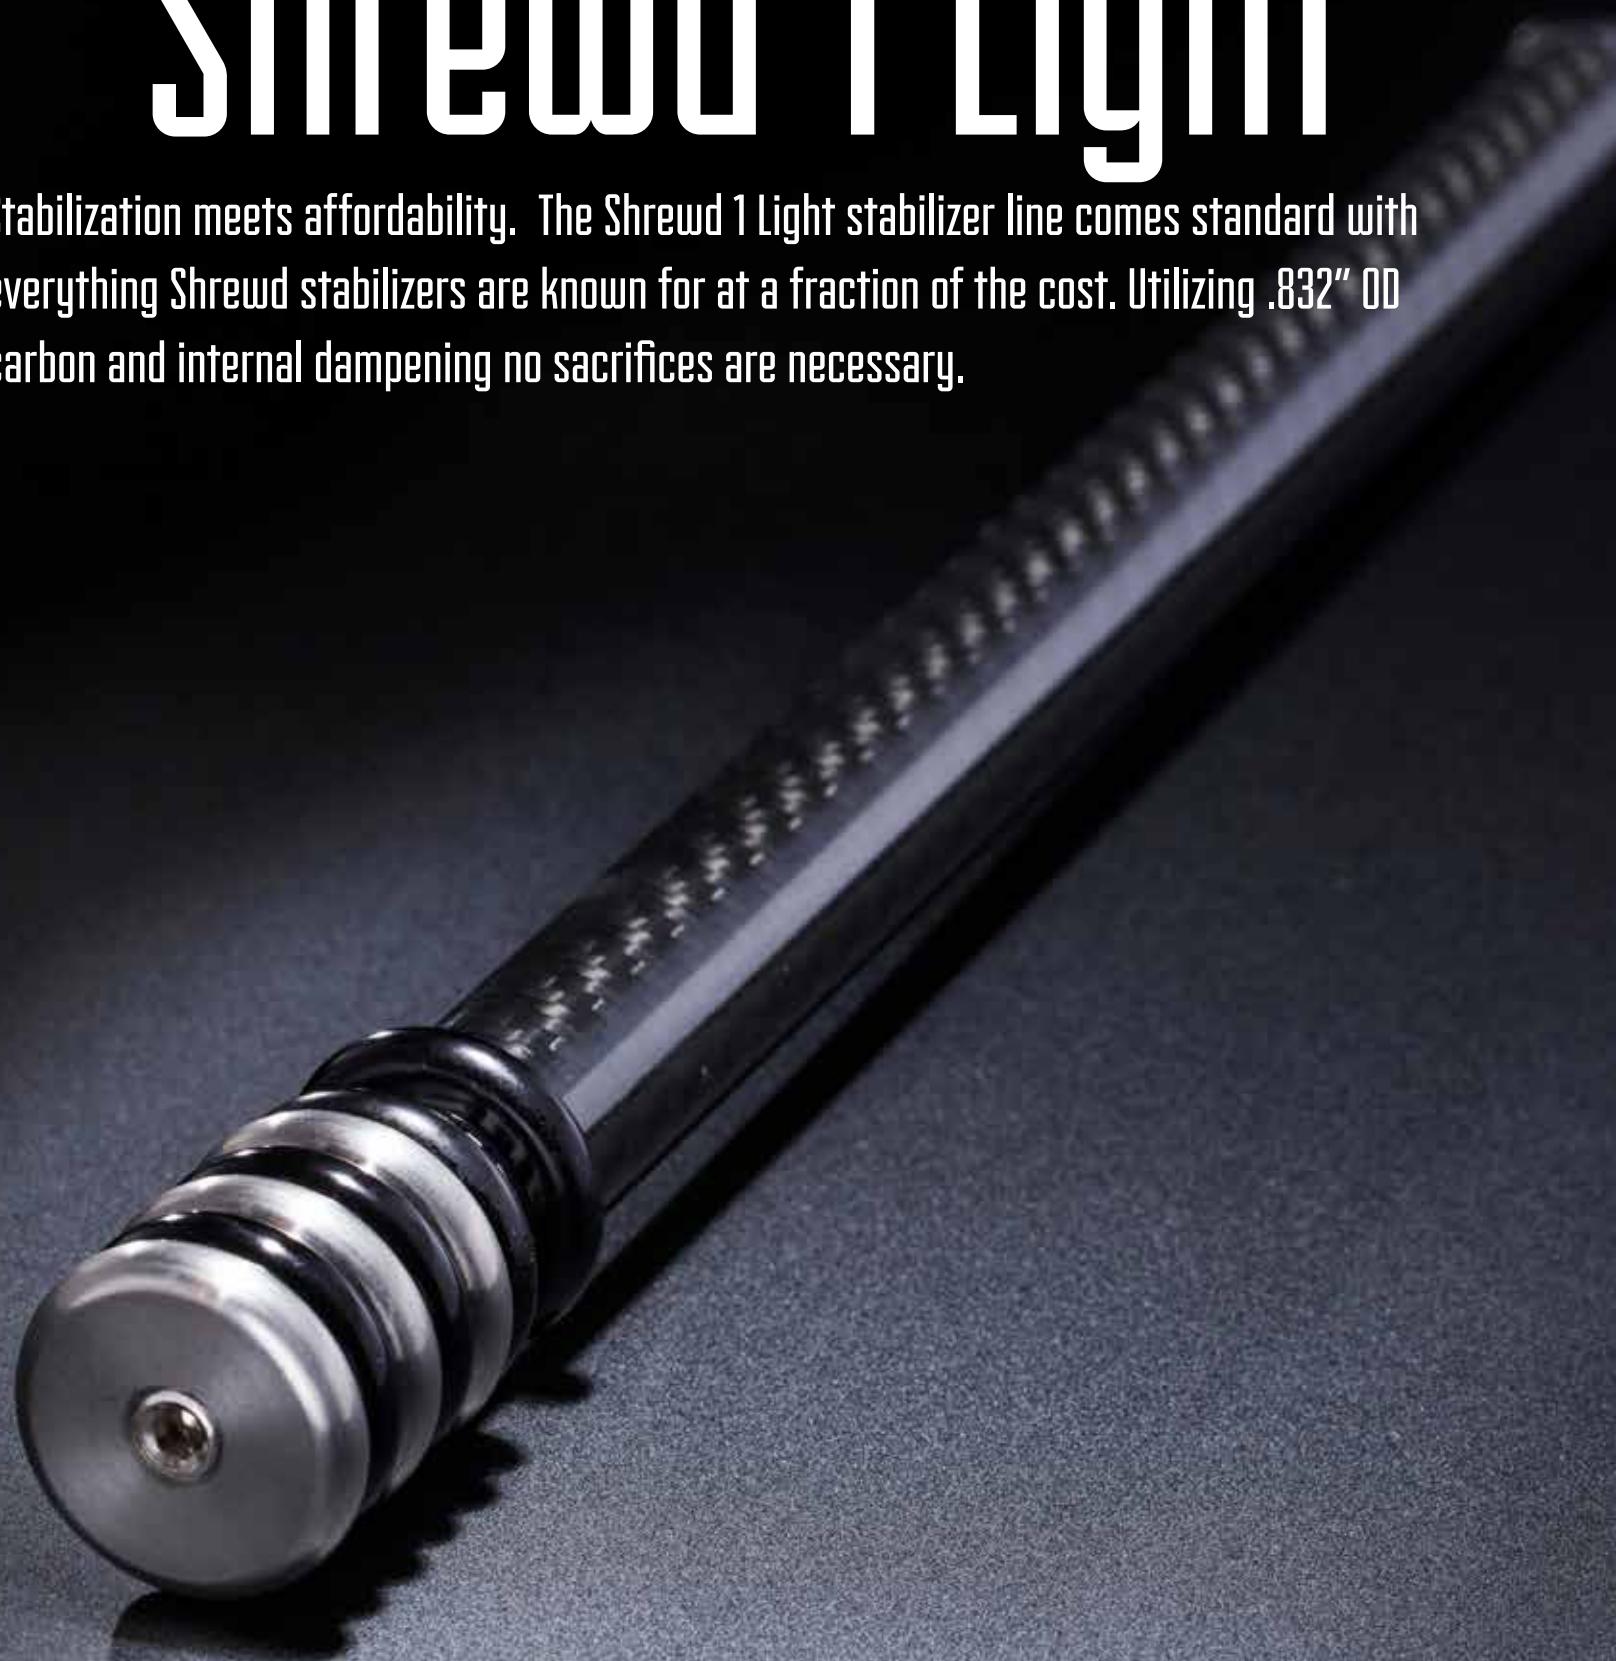

(9)

WHAT'S INCLUDED // 5/16" - 24 STAINLESS STEEL THREADED ROD // 3 - 1 OUNCE STAINLESS STEEL WEIGHTS // 2 - 1/3 OUNCE GLOSS BLACK ALUMINUM WEIGHTS // 3" THREADED ROD

Shrewd 1 Light

— Stabilization meets affordability. The Shrewd 1 Light stabilizer line comes standard with everything Shrewd stabilizers are known for at a fraction of the cost. Utilizing .832" OD carbon and internal dampening no sacrifices are necessary.

AVAILABLE IN // 8", 10", 12", 14", 16", 20", 22", 24", 26", 28", 30", 32", 34", 36"

WHAT'S INCLUDED // 5/16" - 24 STAINLESS STEEL THREADED ROD // 3 - 1 OUNCE STAINLESS STEEL WEIGHTS // 2 - 1/3 OUNCE GLOSS BLACK ALUMINUM WEIGHTS // 3" THREADED ROD

Single Adjustable V-Bar

Fully adjustable, ambidextrous single-v-bar. Features vertical and horizontal adjustment. Available in gloss black and matte black.

WHAT'S INCLUDED // V-BAR // MOUNTING HARDWARE // BARREL NUT

Double Adjustable V-Bar

Fully adjustable, ambidextrous double v-bar. Features vertical and horizontal adjustment. Available in gloss black.

WHAT'S INCLUDED // V-BAR // MOUNTING HARDWARE // 2 BARREL NUTS

The Braden

Fixed ambidextrous, double v-bar for rigid stabilizer mounting.

NEW FOR 2018

WHAT'S INCLUDED // MOUNTING HARDWARE

Hoyt Specific V-Bar Mount

Fully adjustable, ambidextrous single-v-bar machined specifically for mounting on the rear of Hoyt target bows. Features vertical and horizontal adjustment. Available in gloss black and matte black.

WHAT'S INCLUDED // V-BAR // MOUNTING HARDWARE // BARREL NUT

NEW FOR 2018

Disconnects

Quick disconnects include a matching flush barrel nut, and are available in straight, 8 degree and 20 degree down angles. Straight and 8 degree disconnects are available in gloss black, matte black, gloss purple, gloss red, gloss black and gloss lime green and gloss blue. 20 degree disconnect available in gloss black only.

WHAT'S INCLUDED // DISCONNECT // MOUNTING HARDWARE // BARREL NUT

Stainless Steel Weights - Silver

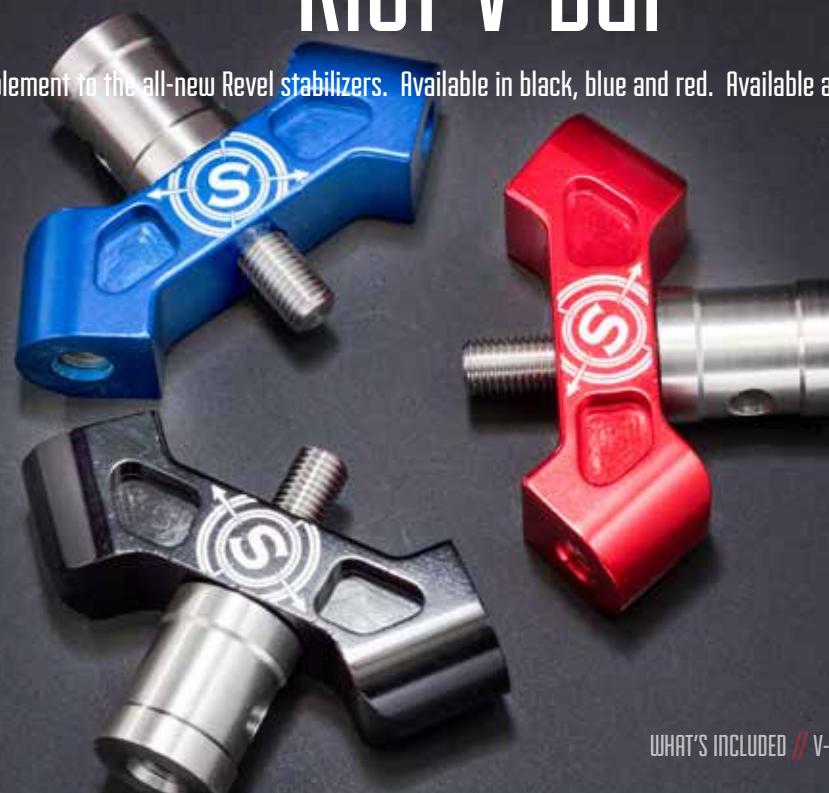

Stainless steel end weights are available in 1, 2, 3 and 4 ounce increments. 5/16" - 24 threads.

WHAT'S INCLUDED // WEIGHTS SOLD INDIVIDUALLY

Riot V-Bar

The perfect complement to the all-new Revel stabilizers. Available in black, blue and red. Available angles: $40^\circ \times 0^\circ$, $40^\circ \times 10^\circ$, $45^\circ \times 0^\circ$ and $45^\circ \times 10^\circ$

WHAT'S INCLUDED // V-BAR // 5/16" - 24 STAINLESS STEEL ATTACHMENT BOLT

Stainless Steel Weights - Matte Black

Stainless steel end weights are available in 1, 2, 3 and 4 ounce increments. 5/16" - 24 threads.

WHAT'S INCLUDED // WEIGHTS SOLD INDIVIDUALLY

Aluminum Weights

Aluminum end weights available in 1 ounce and 1/3 ounce options. Available in gloss red, gloss orange, gold, lime green, gloss blue, gloss pink and gloss purple, gloss black. 5/16" - 24 threads

WHAT'S INCLUDED // WEIGHTS SOLD INDIVIDUALLY

2 Pocket Stabilizer Bag

2 pocket stabilizer bag features a padded interior to protect stabilizers during transit. The long pocket measures 33" while the shorter pocket measures 20" long.

WHAT'S INCLUDED // 2 POCKET STABILIZER BAGS SOLD INDIVIDUALLY

Stainless Steel Modular Weights

Stainless steel modular weights allow for weights to thread into one another to avoid having a long-threaded rod. Black modular weights are made of aluminum. Weights are available in 1/2, 2, 3 and 4 ounce increments.

WHAT'S INCLUDED // WEIGHTS SOLD INDIVIDUALLY

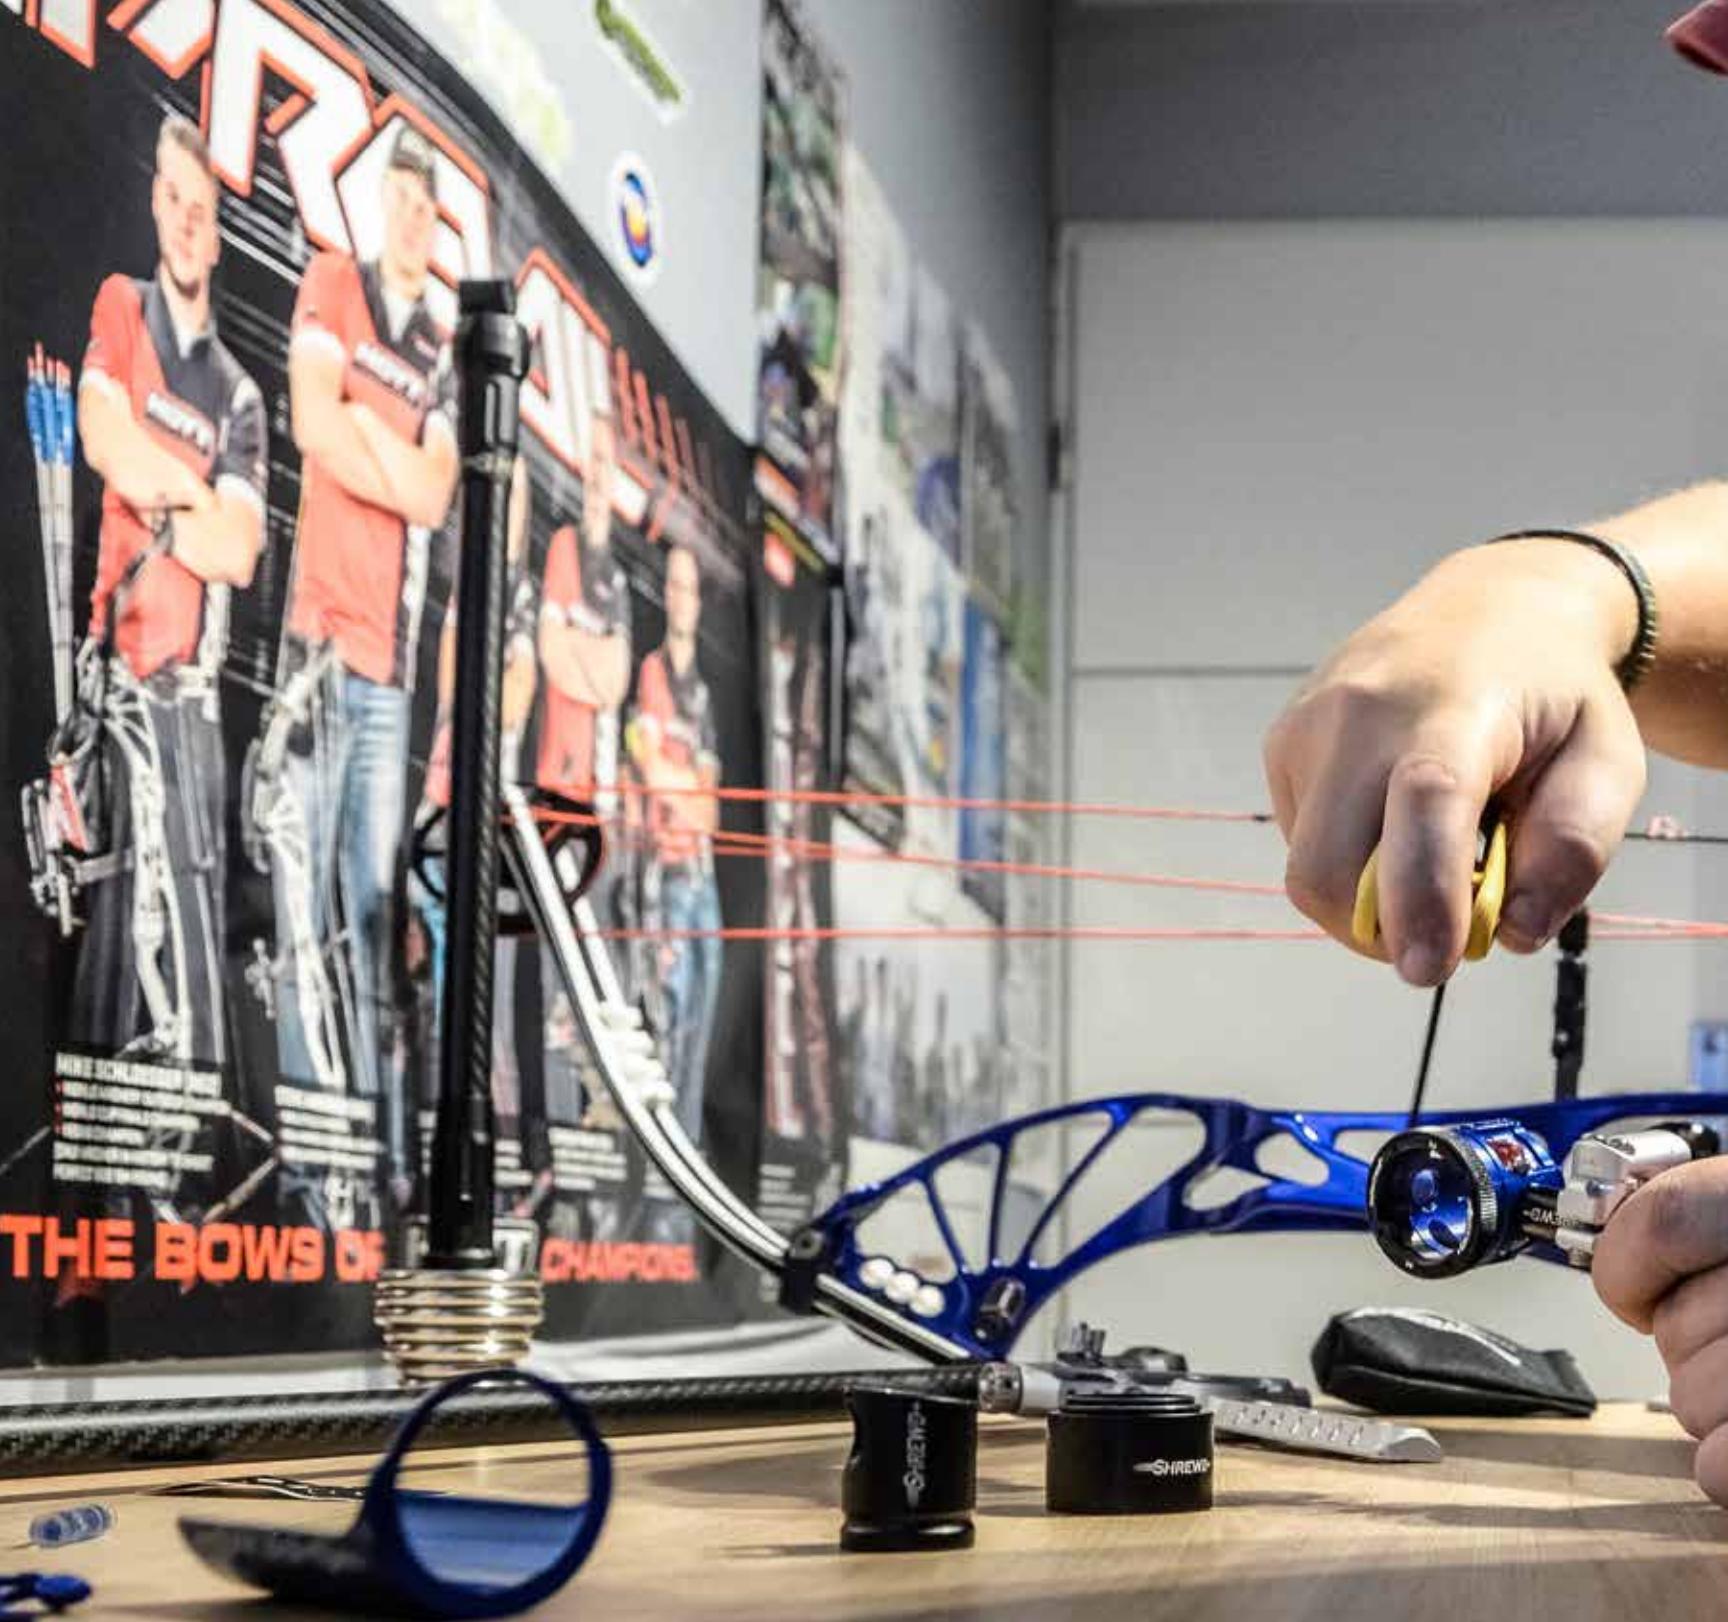

Tungsten 4oz Weight

4-ounce tungsten end weight with 5/16" - 24 threads. Tungsten minimizes overall weight length as each 4-ounce weight is 1" in diameter and .526" long.

WHAT'S INCLUDED // WEIGHTS SOLD INDIVIDUALLY // 5/16" - 24 x 1/2" SOCKET HEAD SET SCREW

THE WORKSHOP // FRA

SCOPES

— Available in a 40mm option and a 35mm option, the Optum reinvents adjustability in the scope market. With a removable pin system that enables shooters to change pins on the fly, the Optum allows shooters to vary their aiming reference within seconds. A built in light kit installation port, an angled 8-32 tapped hole for direct light on the lens, improved sunshade configurations and a fiber cover to allow for light adjustment are just a few of the features that set the Optum apart.

AVAILABLE IN // RH, LH // NO PIN, .010", .015", .019", .029"

WHAT'S INCLUDED // SCOPE BODY // GREEN, RED & BLUE ACRYLIC LEVEL // 10-32 X 1 1/4" 18-8 STAINLESS STEEL BHCS // 10-32 X 2" 18-8 STAINLESS STEEL BHCS // PIN RING // BLUE, ORANGE & GREEN FIBER

LIGHT KIT INSTALLATION PORT //

REMOVABLE PIN SYSTEM //

SLIDING FIBER COVER //

8 PIN POSITIONING SYSTEM //

A rotating pin position system and indicator allows for shooters to change pin position within seconds. The included sliding fiber cover and tubing come pre-installed, meaning there is no set up; simply unbox and Dominate the Podium.

Light Kit Installation Port

Each Optum pin system includes a light installation port for easy addition and removal of most light systems. No more tedious installs or removals.

Removable Pin System

With the removal of 2 screws, a new pin system can be installed and immediately used. This means multiple pin sizes and fibers can be used in seconds.

Sliding Fiber Cover

A sliding fiber cover on top of each pin system covers preinstalled tubing that wraps around the exterior of the scope. With a simple twist, light can be easily adjusted.

8 Pin Positioning System

As the Optum pin system is turned, different numbers become visible to indicate each specific position enabling easy repeatability among scopes.

Nomad Series

— Dominating podiums since 2012. The NOMAD series scopes have been a podium staple since their inception, and with more of the top shooters in the world making the switch, their string of dominance doesn't look to be ending any time soon. The NOMAD series scopes are threaded on both the front and rear to allow shooters to thread on their Shrewd sunshades and lenses and 16 different pin positions means there's an option for every archer.

AVAILABLE IN // 42mm, 35mm // RH, LH // .010", .015", .019", .029", .039", .060", .120"

WHAT'S INCLUDED // SCOPE BODY // GREEN, RED & BLUE ACRYLIC LEVEL // 10-32 X 1 1/4" 18-8 STAINLESS STEEL BHCS // 10-32 X 2" 18-8 STAINLESS STEEL BHCS // RAZOR PIN // BLUE, ORANGE & GREEN FIBER

Flex

Since debuting at the 2016 Olympic Games the Shrewd Flex recurve scope has set World Records, won Olympic Medals and has been a podium staple around the world. Designed in conjunction with Olympic medalist Brady Ellison, The Flex recurve scope is in a class of its own. Threaded on both ends to allow for the use of three included sunshades, The Flex scope offers unparalleled adjustability. An all new indexed razor pin offers 8 secure pin locations and an included proprietary, zero magnification Feather Vision Clarus lens ensures a crisp, clean and bright target at all distances, in any condition.

AVAILABLE IN // BLACK, BLUE, RED, PURPLE // DOT KIT, .019", .029"

WHAT'S INCLUDED // SCOPE BODY // SMOOTH SUNSHADE // 1 STEP SUNSHADE // MDR SUNSHADE // FEATHER VISION CLARUS LENS // APERTURE REDUCERS // INDEXED PIN IF CHOSEN

Mini-Mag Scope Sunshades

MDR (Metal Decal Ring), 1 step, long sunshade and lens compatible sunshade are available for the Mini-Mag scope. Sunshades thread into the scope or into the lens system.

WHAT'S INCLUDED // SUNSHADES SOLD INDIVIDUALLY

NOMAD Scope Sunshades

MDR (Metal Decal Ring), 1 step, 2 step, 3 step, long sunshades and lens compatible sunshades are available for both the 35mm NOMAD and the 42mm NOMAD. Sunshades thread into the scope or the lens system.

WHAT'S INCLUDED // SUNSHADES SOLD INDIVIDUALLY

Feather Vision Verde Vitri Lenses

Feather Vision Verde Vitri Lenses are available in three sizes 2X, 3X, 4X, 5X, 6X, 7X, and 8X. Each of our lenses comes fully encased in a lens housing and retainer ring to protect the glass and ensure quick and easy use. Each lens housing is threaded to screw into a Shrewd scope and is threaded to allow for the use of a Shrewd sunshade. The Verde Vitri design combines superior Zeiss supplied glass and coating using specifically designed curve structures similar to the Verde Plus lens.

WHAT'S INCLUDED // LENS AND HOUSING // STORAGE BAG

Classic Archery Lenses

Classic Archery Lenses are available in three sizes 2X, 3X, 4X, 5X, 6X, 7X, and 8X. Each of our lenses comes fully encased in a lens housing and retainer ring to protect the glass and ensure quick and easy use. Each lens housing is threaded to screw into a Shrewd scope and is threaded to allow for the use of a Shrewd sunshade. The Classic Archery Lens uses a Plano-Convex lens with a Zeiss coating.

WHAT'S INCLUDED // LENS AND HOUSING // STORAGE BAG

Feather Vision Verde Plus Lenses

Feather Vision Verde Plus Lenses are available in three sizes 2X, 3X, 4X, 5X, 6X, 7X, and 8X. Each of our lenses comes fully encased in a lens housing and retainer ring to protect the glass and ensure quick and easy use. Each lens housing is threaded to screw into a Shrewd scope and is threaded to allow for the use of a Shrewd sunshade. The advanced design combines superior Zeiss supplied glass, the latest Zeiss AR coating, and Zeiss manufacturing technology to provide an exceptionally clear lens.

WHAT'S INCLUDED // LENS AND HOUSING // STORAGE BAG

Scope Mounting Rods

Available in 3/8" diameter and 1/2", diameter the Shrewd scope mounting rods securely mount Shrewd scopes on a variety of sights. Sights include; Spot Hogg Fast Eddie, Spot Hogg Fast Eddie XL, Sure-Loc One 400, Sure Loc One 550, Axcel CX, Axcel CXL, Axcel AX2000, Axcel AX3000.

WHAT'S INCLUDED // MOUNTING ROD

A close-up, low-angle shot of a compound bow's limb and arrow rest. The limb is a vibrant orange color. A black, adjustable arrow rest is mounted on the limb, featuring a circular dial for height adjustment. The background is a bright, out-of-focus landscape.

ARROW REST

Remedy

The Remedy rest offers an unparalleled combination of adjustability, durability, and repeatability all within a small, lightweight package. With 3/4" of travel across all axes and micro-tune adjustments, the Remedy allows for the finest adjustments with ease. Combine that with precision laser marks on every axis and you will have no problem finding that sweet spot time after time.

AVAILABLE IN // BLACK // RH & LH // .008", .010", .012" // NARROW & WIDE

WHAT'S INCLUDED // ARROW REST // 1 SPRING STEEL BLADE // MOUNTING HARDWARE

TEFLON ANODIZED FINISH//

TOOLLESS HORIZONTAL LOCKDOWN//

BLADE CURB SYSTEM//

3/4" VERTICAL ADJUSTMENT//

THE REMEDY

The Remedy utilizes the new Blade Curb system that adds a positive stop to the back edge of the arrow blade and creates a solid reference point for consistent blade placement and peace of mind. For added security the Remedy includes a tool-less lock on the horizontal axes and a sure-stop vertical adjustment eliminating the need for a lockdown.

Teflon Anodized Finish

A Teflon coated anodizing process provides a long lasting, durable finish and all stainless-steel hardware offers a more weather resistant assembly.

Tool-Less Lock on the Horizontal Axis

A tool-less lock on the horizontal axis allows for easy adjustment. Each Remedy includes an extra horizontal knob with an included NP patch for added security.

Blade Curb System

The Blade Curb system adds a positive stop to the back edge of the blade and creates a solid reference point for consistent blade placement & peace of mind.

3/4" of Travel

The Remedy features 3/4" of vertical travel, horizontal travel and riser mount adjustment with precision laser marks on every axes.
