# 2015 INFITEC ARCHERY NEW PRODUCTS

## New Horizon for Archery Mechanism

Under your kind attention and great support, INFITEC ARCHERY has continued our business expansion since our foundation in year 2012.

We have been trying to put our effort to develop high quality target archery products with dependable performance and attractive designs for past few years.

In this year, we also would like to add new products to make our product lineup more organized. We wish that our new products could properly draw your attention and give you good impression for our brand as one of reliable archery products in the world.

We will constantly strive to develop our products to fully comply with your needs.

With best regards,

# CHALLENGER

HIGHLY REFINED CONSTRUCTION

CHALLENGER FIBER LIMBS (NEO) has been refurbished on a new background to compare with previous version.

Owing to the highly refined structure of CHALLENGER (NEO), the very smooth drawing and fast shooting consistently. The limb layout have been upgraded for maximum durability.

This limbs are surely second to none for archers from all over the world.

# CHALLENGER

Obtained good reputation as economically priced 25" standard aluminum riser, INFITEC CHALLENGER (NEO) is very well balanced and easy to setup.

We have changed the outer design of the riser as more modern. All other structural design and technical functions remain the same. Here is for your comfortable and pleasant shooting experience with newly upgraded INFITEC CHALLENGER (NEO).

### IF4403 NEXUS V-BAR

Material	Premium 6061 Aluminum
Weight	100 g

### COLORS OPTIONS

IF 3101

IF 3102

IF 3103

**IF2101** INFITEC IRIS-300 SCOPE

Material	Premium 6061 Aluminum
Weight	38 g
Lens Diopters	+0.50 / +0.75 / +1.00 / +1.25

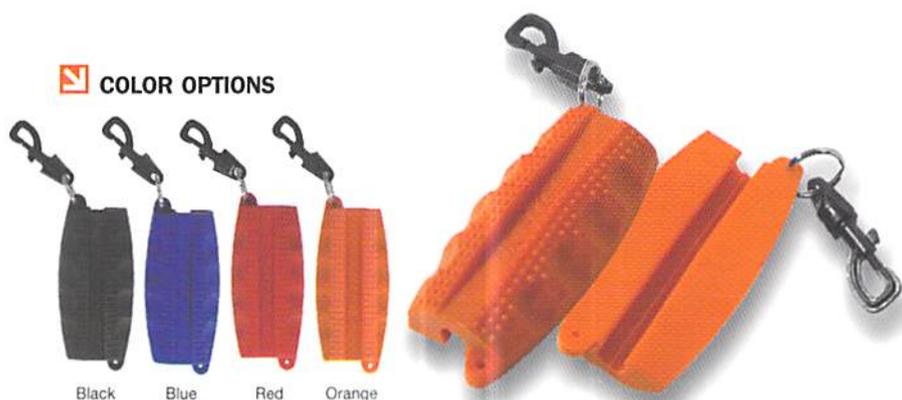

Top quality 29mm target scope with CNC machined aluminum housing and anti-reflective coating lens. The deeper body helps with identifying any torquing in the hand. The large holes gives a lot of light onto the flu pin and lens giving a clear picture, plus the smaller level bubble the whole thing look more modern.

**IF4803** NEXUS ARROW PULLER

Material	Soft synthetic rubber
Weight	60 g

Produced from very soft synthetic rubber material, NEXUS ARROW PULLER is ergonomically designed for maximum grip and comfortable fit. This products good for large diameter hunting arrow but works well with all types and sizes of arrows.

**COLOR OPTIONS**

**IF4303** NEXUS CUSHION PLUNGER

Material	Stainless steel barrel / Anodized aluminum body
Thread Size	5 / 16-24
Weight	30 g

New top performing cushion plunger from INFIECT ARCHERY in 2015. Micro-click spring tension adjustment allows for exact setting as desired by user. Applied highly protective acetal washer to connecting section to prevent some possible crack on the surface of your riser and it helps to reduce the unwanted vibration while shooting.

**COLOR OPTIONS**

**IF5302** INFITEC BOW COVER

Material	Waterproof Cordura
Poundage	Riser Sleeve : 27.5" x 5.5" (Max) Limb Sleeve : 27" x 2.5" taper down to 1 3/4"

Produced from water-proof cordura material. The sleeves are lined with internal padding to prevent accidental scratching during storage and transportation.

# **INFITEC** ARCHERY

INFITEC is a compound word of "Infinite" and "technology" and it represents that we always seek new ways of developing more advanced quality products based on our resources - Infinite technology.

To support our team spirit, the rigorous quality management system is in place to ensure our product quality and we are committed to continue to grow our product lines under customer-oriented service policy.
