IBO/ATA speed ratings are the industry standard and are calculated using an arrow weighing 5 grains per pound (350 gr.) at 70# draw weight with a 30" draw, unless mentioned otherwise below.

*Speed for the Carbon Rose taken at 60# draw weight with a 27" draw, using a 300 grain arrow.

All models feature draw length adjustments in 1/2" increments with rotating modules. The Prodigy, Boss, Carbon OverDrive, RPM 360, Carbon Icon, and Carbon Rose have an 80% effective let-off. The Fanatic features an adjustable let-off up to 75%.

PRODIGY

NEW FOR 2015

It's time to shift your thinking. The aptly named Prodigy marks the beginning of a new era with the introduction of PowerShift Technology. Archers can have speed, power, a smooth draw or an effortless draw all in one truly revolutionary compound bow. The Prodigy not only features the game changing PowerDisc³, but is also outfitted with Bowtech's award winning OverDrive Binary Cams, Center Pivot Extreme, and FLX-Guard. With the Prodigy, get all the bows you want with zero compromise.

BOSS

NEW FOR 2015

Bigger... Better... Bolder... The Boss has arrived. Gone are the days of limitations for long draw archers. Our new PowerShift Technology delivers versatility unmatched by any compound bow on the market. The Boss offers incredible versatility with a setting for any shooter and every season. Not only are there no limitations for the long draw archers, we outfitted the Boss with our award winning technologies such as the OverDrive Binary Cams for impeccable tuning and consistency, Center Pivot Extreme for unmatched accuracy and speed and FLX-Guard to eliminate riser torque. The Boss really is Bigger, Better, Bolder.

FANATIC

NEW FOR 2015

We understand that every single detail matters, and have embraced this idea and made it our own. With a long, stable, shoot through riser and the generous brace height you need, the Fanatic is truly designed from the ground up as the new standard in target archery. Featuring our first ever shoot through riser, this is the bow to have on the tournament trail this year. Without a doubt the target bow you have been waiting for.

CARBON Rose

Deceptively beautiful while remaining decidedly deadly. The Carbon Rose is the lightest women's hunting bow on the market, at just 3.2 lbs. (Bare bow). The smooth, comfortable draw cycle and light mass weight are just what you've been asking for, without sacrificing the performance you need in a hunting bow. The Carbon Rose, the lightest, most maneuverable women's hunting bow ever.
