Product Guide

NEW FOR 2018

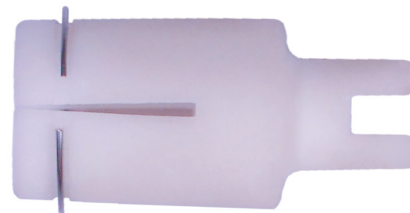

The newly upgraded HS2 (HandHeld Bow Scale) is the perfect tool for your home or shop. With this newly upgraded scale model, it'll not only read/lock on peak weight, but it'll also read/lock on holding weight, as well. All while drawing your bow only one single time to achieve both readings. This scale is equipped with an LED digital display, a universal handle and a short attachment hook for a release type feel. **Note:** This scales max weight is 110lbs.

HS2

The LCA Bow Scale 2.0 is the perfect tool for your home or shop. With this newly upgraded scale model, it'll not only read/lock on peak weight, but it'll also read/lock on holding weight, as well. All while drawing your bow only one single time to achieve both readings. This scale's equipped with an LED digital display, a reinforced welded ring plus a strong and durable steel hook which attaches to your D-Loop with ease. **Note:** this scales max weight is 110lbs.

LCA BOW SCALE 2.0

Xbow Fletching Adapter

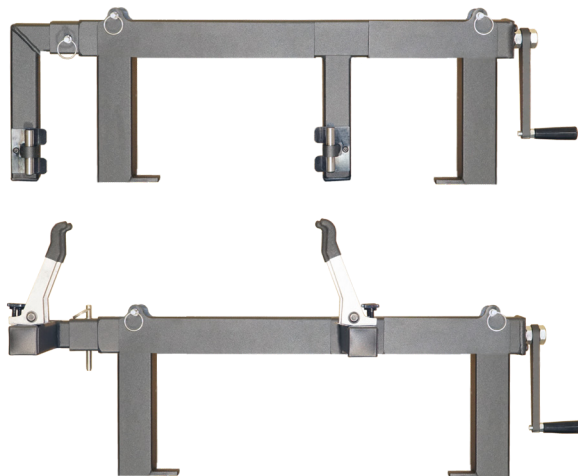

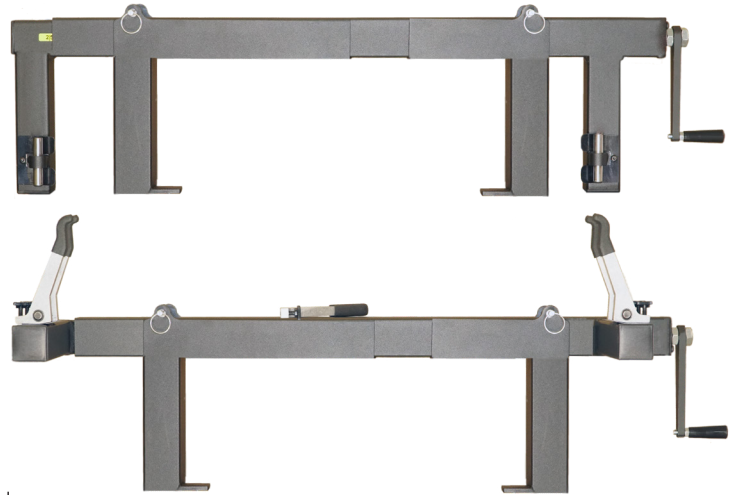

The all new Xbow Fletching Adapter is perfect for fletching any and all Xbow bolt types. It doesn't matter if you're using a flat nock, half moon nock, omni nock or no nock at all; this adapter is just for you. This unique design allows the adapter to spread apart, then compress back together using springloaded tension; to hold tight onto any and every crossbow bolt. It also has the ability to function on many different fletching jigs. This new adapter has an internal alignment pin to ensure the arrow sets straight inside the adapter while in use.

Pack-N-GO | Bow Presses

Pack-N-GO Standard

- Folds down to 3" thick
- Compact and Packable for easy transportation
- Bench mounted only
- Hand crank for fast, EZ and smooth movement
- Patented finger system to accomodate most compound bows
- Draw stop finger included
- Press any bow from 25" - 48" length

With the Pack-N-GO, you can quickly take your press and turn it into a huge space saver on your next trip. Using the Pack-N-GO, you can easily travel with a bow press under or behind the seat of your car. No need to move your shop press, have the Pack-N-GO ready for adjustments in the field.

Pack-N-GO Ultimate

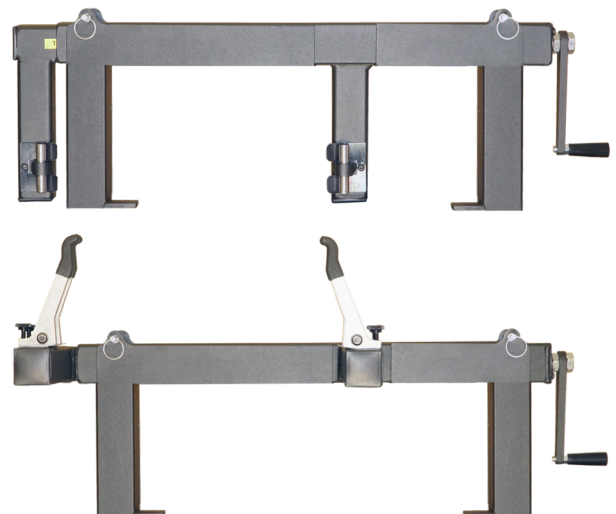

- Folds down to 3" thick
- Compact and Packable for easy transportation
- Bench mounted only
- Hand crank for fast, EZ and smooth movement
- Patented finger system to accomodate most compound bows and crossbows
- Draw stop finger included
- Press any bow from 12" - 54" length

With the Pack-N-GO, you can quickly take your press and turn it into a huge space saver on your next trip. Using the Pack-N-GO, you can easily travel with a bow press under or behind the seat of your car. No need to move your shop press, have the Pack-N-GO ready for adjustments in the field.

Pack-N-GO Xbow

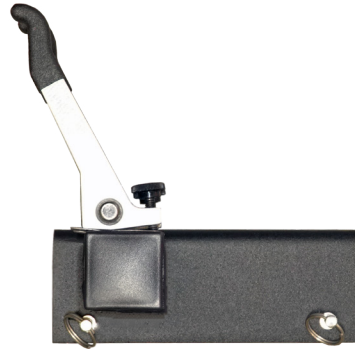

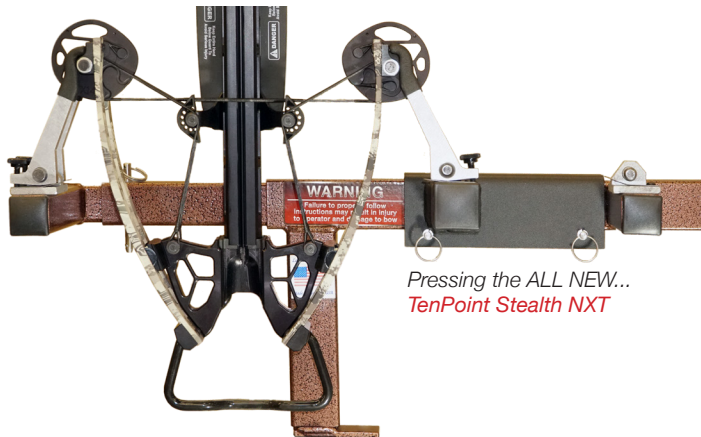

- Folds down to 3" thick
- Compact and Packable for easy transportation
- Bench mounted only
- Hand crank for fast, EZ and smooth movement
- Patented finger system to accomodate most crossbows
- Press any Xbow from 11" - 32" length

With the Pack-N-GO, you can quickly take your press and turn it into a huge space saver on your next trip. Using the Pack-N-GO, you can easily travel with a bow press under or behind the seat of your car. No need to move your shop press, have the Pack-N-GO ready for adjustments in the field.

NEW FOR 2018

Mini Xbow Adapter

The all new Mini Xbow Adapter is specifically made for pressing crossbows that are under 12" axle to axle. With this easy to use adapter you can press crossbows down to 5" axle to axle. **Note:** this adapter will only fit the LCA Ultimate EZ, Ultimate EZ Deluxe and EZ Green Xbow Presses.

EZ Green - Floor Stand

You asked, we listened. Take a look at our all new EZ Green Floor Stand. This new stand is EZ Green compatible, and has the ability to hold any of our bow presses using bench mounts. The stand is extremely sturdy and has individual foot adjustments for base leveling.

UPGRADE PRODUCTS

Draw Board Upgrade - The new Draw Board upgrade will give your draw board a breaking system that'll remove the original cord release lever and allow you to let go of your DB handle at any point in the draw cycle. The upgrade also includes a new cord, a new upgraded pulley and a full tune up of your entire Draw Board.

Power Lock PRO - The new upgraded PLP is our strongest hanger yet. Tested to hold over 20lbs. of weight without losing its strength.

PRO Grain Scale - The new upgraded PRO Grain Scale has two new features. One, this new scale is equipped with an oz. (ounce) weight function. Two, this new model comes standard with a rubber arrow holder that can be attached to the scales surface. (Note: holder can be purchased separately)

2017 Best Sellers

PRO PARTS KIT

The PRO parts kit is a 3 box set loaded with a variety of screws, bolts, stabilizer studs, washers, cam spacers, e-clips, bolt spacers and much more in a large assortment of sizes. It's the perfect kit that'll supply the lost part you can never seem to find. View our website for a full list of the pieces included.

Kit Includes:

BASIC PARTS KIT

The Basic Parts Kit is an individual tackle box that's consumer oriented. This kit is loaded with a wide variety of screws, bolts, stabilizer studs, e-clips, bolt spacers, cam spacers and much more in a wide assortment of shapes and sizes. Whether at home or on the tournament trail, you never know when you might need that one replacement part that this kit can supply. View our website for a full list of the pieces included.

Kit Includes:

Basic Parts Kit - 310 Pieces

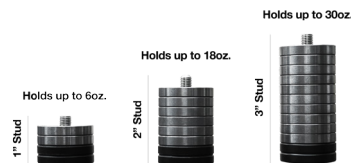

TUNGSTEN WEIGHTS

The LCA Tungsten weight system will cut your stabilizer weight length by 2/3. Each weight is the same size as a standard 1oz. stainless steel weight, but weigh in at an impressive 3oz. This gives you the ability to cut down your weight length which then cuts down your overall stabilizer length as a whole.

CAP + STUD CHART

LCA Cap + Stud Options (1" - 2" and 3")

Available Products:

Fits 5/16-24 thread sizes.

Tungsten Weight - 3oz.

Weight Cap + Stud (1" - 2" - 3" options)

0.5oz. Weights

Available Products:

Fits 1/4-20 thread sizes.

Tungsten Weight - 3oz.

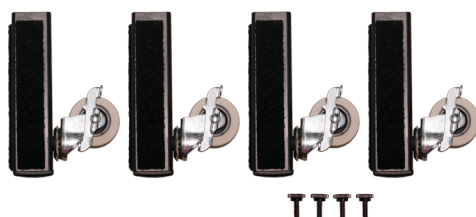

Weight Cap + Stud (1" - 2" - 3" options)

0.5oz. Weights

WHEEL KIT - FLOOR STAND

Use the all new Wheel Kit - Floor Stand to put your press on wheels and have the ability to move it anywhere in your shop with ease. This kit includes 4 wheel assemblies and 4 thumb screws to lock each wheel assembly in place inside your floor stand. This new wheel kit will fit any and all LCA floor stands.

PRO GRAIN SCALE

The newly upgraded PRO Grain Scale has two new features. One, this new scale is equipped with an oz. (ounce) weight function. Two, this new model comes standard with a rubber arrow holder that can be attached to the scales surface.

(Note: holder can be purchased separately)
