SPOT HOGG

WELCOME TO SPOT HOGG ARCHERY!

At Spot-Hogg, our goal has always been to provide archers with not just the highest of quality products, but with products that will help archers be more successful and have an overall more enjoyable experience. It has been our mission to help archers understand what to expect from their equipment and how to get the most out of it. What began as an idea to create a better release aid in 1987 has turned into over two decades of archery ingenuity.

We've come a long way since the days of assembling product on the kitchen table. Spot-Hogg is now producing products for thousands of archers across the world, putting meat in the freezer, animals in record books, and hundreds of top finishes in the competitive world. With results like these, it's no wonder why the best hunters and target archers in the world choose **Spot-Hogg, the World's Toughest Archery Products.**

Kicking Bear One-on-One is a nationwide mentoring program developed by world-renowned bow hunter Ray Howell. It encourages our sportsmen and women to get involved with today's youth by becoming mentors and passing on the tradition of the outdoors. The Kicking Bear staff teams up with local clubs to organize camp outs, shed

hunts, and many other events. The camp outs and shoots are a great way to introduce our youth to the outdoors and the sport of archery. This allows our organization to offer the Kicking Bear experience to under-privileged and at-risk youth at absolutely no charge! Kicking Bear is transformational for youth and mentors alike. It gives them

new insights into how to build healthy relationships and approach their lives in a new fashion. Spot-Hogg is proud to support Kicking Bear and a portion of every BulletProof sight is donated to help further the organization and change the lives of those who may of never had a chance to experience the outdoor opportunities we love.

ULTRA HOGG TRIGGER ADJUST THE WISEGUY

Increase your speed and accuracy when you strap on the **Spot-Hogg WISEGUY™**. Built specifically for hardcore hunters who have asked for a wrist strap release but with the same quality and style release as the target releases.

The **WISEGUY™** incorporates the lightest trigger of any hunting release ever created and with specific features such as micro-adjustable length, fail safe trigger with no trigger travel, rigid body for comfort and speed, magnetic wrist strap and a quick loading jaw that creates a torque free release when using a D-Loop.

The **WISEGUY™** is destined to send your old release to the bow box for an extended time out.

FEATURES

- Light, adjustable trigger with zero travel
- Self reloading hook
- Forward trigger design for maximum draw length and speed
- Adjustable length
- Open jaw for ultra-fast D-Loop hook up*

THIS RELEASE IS ONLY
COMPATIBLE WITH BOWS
THAT HAVE D-LOOPS

THE WHIPPER SNAPPER

Like all Spot Hogg products the **WHIPPER SNAPPER** features unique, contoured lines intended to generate comfort during long shooting sessions and through every segment of the shot sequence. With its slender design the release seems almost non-existent in your hand during the draw and is easily positioned during anchor for repeatable and consistent shots.

Built with both proprietary materials and design the Whipper Snapper's firing mechanism provides an extremely crisp trigger break that is one of the fastest in the industry. With single screw adjustability for both trigger tension and travel the highly-adjustable **WHIPPER SNAPPER** offers something that is missing on most releases - the peace of mind of knowing that once you've fine-tuned the settings the release won't change or wear no matter how much you shoot or how hard you hunt. The release's trigger barrel is adjustable to fit each individual's hand via two different positions on the trigger.

FEATURES

- Ergonomically designed for maximum comfort
- Fastest trigger available on the market but completely safe
- Auto reload feature
- Settings won't change or wear just set it and forget it
- Designed for D-loop hookup
- Available in open jaw or closed jaw
- Wrist strap accessible

THIS RELEASE IS ONLY
COMPATIBLE WITH BOWS
THAT HAVE D-LOOPS

SATURDAY NIGHT SPECIAL

This is the hottest release on the market. It can be set so hot that just thinking about touching the trigger sends the arrow on the way. The great thing about this release, is that you do not have to sacrifice safety for a fast trigger. Our unique trigger design lets you set it as hot as you want with out any fear of a misfire. We've kept the neck short on this release for all you speed guys and draw length challenged individuals. This will allow you to stretch your draw length out with out having to modify your form. The best feature of this design, is the trigger setting does not change. Once set, it stays set until you change it.

FEATURES

- Smooth Contoured Handle
- Fully Captures the D-loop
- Micro Adjustable Trigger

#SNS Color: Black Only

THIS RELEASE IS ONLY
COMPATIBLE WITH BOWS
THAT HAVE D-LOOPS

FRIDAY NIGHT DELIGHT

Designed with the hunter in mind this release has all the great features of the **SATURDAY NIGHT SPECIAL**, with an open jaw to aid in fast and easy release attachment during the moment of truth. Now hunters can take advantage of the accuracy of a hand held release aid, without the hassle of trying use their target release in the field.

FEATURES

- Smooth Contoured Handle

THE EDGE

It's always been a wonder to us why people put so little emphasis on rest micro adjustability, when the arrow rest is one of the most critical components to accurate shooting.

To start, the Edge features a no-clamp vertical and horizontal micro-adjust meaning easy adjustment with a single screw. Fine-tuning an arrowrest to perfection has never been easier. Maybe one of the most amazing features is the micro-adjustable blade angle, a simple turn of a click screw and you can click your blade angle to the ultimate position. To further aid accuracy and repeatability The Edge is able to be locked down to guarantee zero bearing or bushing play. To ensure repeatability it also offers a self-centering blade, designed to make blade replacement easy and exact. Each piece of the Edge is designed to promote the highest level of accuracy and ensure that your arrows will find the spot with scary consistency — "Want a step up on your competition? Get the Edge!"

FEATURES

- No-clamp Vertical Micro Adjust
- No-clamp Horizontal Micro Adjust
- Micro-Click Adjustable Blade Angle
- Lockdown launcher with no bearing or bushing play
- Self centering blade design so blade replacement is easy and repeats every time

HOGG WRAP

Update your old sight and get the most up to date Spot-Hogg sight without buying a whole new one! The demand for a brighter fiber optic has been answered with the brightest and most durable wrapped fiber optic system available. With the **HOGG WRAP** you can increase pin protection, have wrapped fiber optics, install a sight light, and use a lens all at the same time. The **HOGG WRAP** really is the perfect accessory for your sight.

DROP MOUNT

A specially designed bracket for those that have trouble getting their sight low enough. Due to bow variations, you may find it necessary to lower your entire sight. Can be used to lower or raise sight 1/2".

TAGGED OUT

Instantly range your game at full draw. Greater offset Ranging Bracket and angled top and bottom bars greatly increase visibility in sight window. Mount behind fiber wrap. Solid Aluminum. Glow-in-the-Dark powder coat for low light conditions and Superior durability.

LENSES

Magnification lenses are available in 2x, 4x, or 6x for the small pin guard, and 2x, or 4x for the large pin guard. Compatible with non-wrapped sights and single pin sights with an additional lens adapter (sold separately) Please specify guard size when ordering. Any sight with Bullet Proof pins requires a C-adapter — included at no additional charge.

LASER ALIGNER

The **LASER ALIGNER** instantly shows the amount of tilt in the cams & wheels of a compound bow. Constructed with a durable machined aluminum case, built to last a lifetime. The unique grooved design allows the laser to project a parallel light beam from any flat surface it is placed on.
WARNING: Laser light, avoid direct eye exposure!

SIGHT LIGHT

Brightness will gradually increase throughout the full rotation of the knob. Works with all Spot-Hogg pin sights.

SCOPE COVER

Protect your Spot-Hogg sights. Will fit the Spark, Single pin and Multiple pin housings.

THE GRIP

Squares up the grip on bows that utilize a built in grip. Aids in more consistent hand placement and quicker stabilization of the sight picture.

SIGHT TAPES

Weather Proof sight tapes designed specifically for the Hogg Mob sights.

HOOTER SHOOTER

For advanced bow tuning, The (HOOTER SHOOTER) allows you to tune arrows to hit the same hole. Now you can discern good & bad products.

SAFARI TARGETS

Safari shoots have a little something for everybody. Using real life images, combined with NFAA standard scoring rings and distances, these targets provide an enjoyable experience for both hunters and target archers alike.

Each Spot-Hogg Safari target is printed on a 36"x 40" piece of weather resistant material* that holds up exceptionally well to a large number of shots.

- Standard scoring rings in line with NFAA sizes for specified distances
- Clear and consistent scoring rings speed up scoring and minimize debate over score
- Targets come with vivid orange aiming dots, eliminating the need to paint.
- No need to repair targets, affordability makes these targets disposable and easy to replace once shot out
- Minimal storage space required
- 28 different animals designed to cover a complete NFAA field round

*Not UV coated - targets will fade if not stored properly.
