ARCHERY

2018 CATALOG

Since 1960, Fletcher Archery has been devoted to creating high quality, precision archery equipment, releases, and archery aids for target archers and bowhunters. Our legendary products are known for their comfortability, smoothness, and long-lasting durability.

Our release aids are manufactured in the United States and are machined from aircraft quality aluminum. Each release is backed by a lifetime warranty. We promise you won't be disappointed in our products.

- 9 FLETCHHUNTER CONCHO

PEEPS

- 10 TRU·PEEP

ACCESSORIES

- 12 WRIST STRAPS
- 12 FIELD TOOL

INSIDER

This loop-only release resets after the shot and features a roller system for the ultimate in smooth performance with no trigger travel. The hook is specifically designed to release the loop cleanly resulting in a consistent, smooth shot every time. Available in two wrist strap styles—buckle strap and nylon with hook and loop closure.

Easily attached to loop

Trigger forward design for increased draw length

Adjustable trigger from heavy to light pull with no trigger travel

AFL122B
Buckle

AFL122V
Velcro

OUTSIDER

The Outsider release can be used for either hunting or target shooting. This release can help overcome the tendency to jerk the trigger and help to overcome target panic. Available in two wrist strap styles—buckle strap and nylon with hook and loop closure.

JIMI T

This comfortable three-finger handle and crisp trigger is a great hunting and target release. The Jimi T comes with three basic options—basic stainless steel trigger pin, the knurled trigger sleeve that slides over the pin, and the knurled thimble that can be adjusted for position.

FLATHEAD

The flathead features an inset hook that works great with a D-loop. The release is available in two wrist strap styles—buckle strap and nylon with hook and loop closure.

Self-locking, over-center trigger design that provides a smooth, fully adjustable trigger pull

Forward trigger design to help gain back valuable draw length

AFL117BC
Buckle

AFL117VC
Velcro

AFL117B

AFL117V
Velcro

FLETCH HOOK

The Fletch Hook is available with a removable, knurled sleeve that slides over the trigger pin offering a different feel for the shooter. This loop-only release features a roller system for the ultimate in smooth performance. The release is available in two wrist strap styles—buckle strap and nylon with hook and loop closure.

Trigger is infinitely adjustable
from heavy to hair trigger

Specifically designed hook to
release the loop cleanly resulting in
a consistent, smooth shot every time

The forward trigger helps maintain
draw lengths when using a loop

AFL119B
Buckle

AFL119V
Velcro

.44 CALIPER

The .44 is a departure from other caliper releases in that it features our “interlocking jaw system.” The .44 Caliper is available in two wrist strap styles—buckle strap and nylon with hook and loop closure.

Release features trigger and roller design for smooth feel when pulling the trigger

Locking jaws give a precise release in both directions reducing any horizontal arrow play

Trigger pull adjustment ranges from heavy to hair trigger

AFL117B Buckle
AFL117V Velcro

FLETCHHUNTER SHORTY & DELUXE

The Fletchhunter Shorty and Deluxe releases are a single jaw caliper release that opens with a flick of a finger and stays open until placed on the bowstring. These releases were designed primarily for hunting but double as a first-rate target release.

FLETCHHUNTER CONCHO

The popular concho release is built with a rubber hose grip and a single jaw caliper release machined from aircraft quality aluminum. This release also features a smooth, over-center trigger system.

Release remains open until placed on bowstring

Infinitely adjustable trigger pull from heavy to hair trigger

Grip

TRU•PEEP

The world's favorite peep sight, the Fletcher Tru•Peep is an all-aluminum peep sight. The ingenious design allows for a perfectly round, shaded hole at full draw and eliminates the need for protruding hoods. String roll and angle are not a problem. Safety-tie groove keeps the peep in place. The Tru•Peep is available in eight sizes. No tools are needed for installation.

FIELD TOOL

The Fletcher Field Tool is a handy little set of tools consisting of a complete set of quality Allen type wrenches, an adjustable wrench (crescent type), blade and Phillips screwdrivers and a broadhead wrench machined in the back of the case. The case is machined from aluminum and comes in black or green anodize. This set offers almost every tool an archer could need in the field.
